

1 **Title for the Cas A paper**

2 The authors go here

3 **ABSTRACT**

4 Abstract goes here

5 *Subject headings:* You should put some keywords here

6 *Todo list

7 fix something 1

8 You can also have inline todo notes 1

9 **1. Introduction**

10 The introduction goes here...

11 Somewhere in the introduction, we mention 2FGL (Nolan et al. 2012).

12 When refering to LAT, there is a LAT command to make your life easy. *Fermi* also has
13 a command.

14 We can refer to future sections. For example, § 3 is the discussion section.

15 `pointlike` has a really cool font.

16 There is a very nice package for todo notes

17 You can also have inline todo notes

fix
some-
thing

18 **2. Results**

19 nice results go here

20 **3. Discussion**

21 A discussion goes here

22 acknowledgements go here
